

Have a go!

Imagine you have just travelled through time!

Draw a picture in the box of what your school might look like in the year 3021:

Describe how the area might be different to today:

Local environment

KEY STAGE 2

Over time areas can change and look much different than they did a long time ago.

Let's explore your local environment!

My name is

HOGARTH'S
HOUSE

Life then and now

The habitat of our mulberry tree in the garden of Hogarth's House is very different from when the tree was planted 350 years ago.

Over time, London has grown bigger and bigger. Many trees had to be cut down to make room for more roads, houses and shops.

The area around the mulberry tree has changed a lot, but it is still in the garden at Hogarth's House.

Fill in the missing word:

The garden used to be in a _____
(**rural / urban**) area, with lots of other trees around it that had delicious fruit.

Today the garden is in a _____
(**rural / urban**) area, with lots of busy roads and buildings around it.

Your local environment

What is the environment like around your school?

Tick the boxes for the things near your school:

- | | |
|----------------------------------|---------------------------------|
| <input type="checkbox"/> Trees | <input type="checkbox"/> Houses |
| <input type="checkbox"/> Grass | <input type="checkbox"/> Roads |
| <input type="checkbox"/> A river | <input type="checkbox"/> Shops |

Do you think the area around your school has changed over time? **Look for clues to find out more:**

Trees - Do the trees around it look old or young?

Dates - Does it display the year it was built?

Roads - What is the name of the road your school is on?

Name - Why might the road be called that?

Buildings - Do the buildings around it look the same age, older or younger?
